## EDUCATION

---

### University of Alberta

*Bachelor of Science, Specialization in Computing Science*

Edmonton, AB

*Sept. 2022 – Present*

## TECHNICAL PROJECTS

---

### MoodTracker | *Java, Android Studio, Figma*

Jan. 2025 - Apr. 2025

- Worked with a team of 6 to develop an Android app that allows users to log and track their moods daily.
- Spearheaded the UI design and implementation of the app, delivering an intuitive, user-friendly, and visually engaging experience to enhance user interaction and satisfaction.
- Utilized Figma to design user flows, interactive elements, and layouts, ensuring accessibility, responsiveness, and a seamless user experience across devices.
- Implemented user-to-user interaction features, including follow requests, notifications, and user profiles, enhancing engagement and platform connectivity.

### Portfolio Website | *HTML, CSS, Figma*

Mar. 2025 – Present

- Developed a streamlined portfolio website using HTML and CSS with Flexbox.

## EXTRA-CURRICULAR LEADERSHIP EXPERIENCE

---

### Player

*UAlberta Esports Association*

Sep. 2024 – Present

*Edmonton, Alberta*

- Competed as a main roster player in a team of 5 for the association's Counter-Strike 2 team in the Playfly Open Premier F24 and S25, showcasing strategic thinking, and high-level competitive performance.
- Demonstrated strong teamwork and communication skills to collaborate effectively and achieve shared objectives.
